Male Athlete of the Week

by: Kaitlyn Mauldin

This week's male athlete of the week is Austin Clarke. This is Austin's first year at Bessemer Academy. He came from Mcadory High School. He started football when he was 6 years old. I asked him why he started playing and he said, "sports ran in his family, and I decided to give it a try. I wanted to quit in 2015 because my granny died and the same year on Christmas Eve my uncle died, and

I felt as if there was not a reason for me to play, but the reason I am still playing is for them not for me." his number is 21 because that was his grandmother's favorite number. What he loves most about bessemer academy is the love his teammates shows, and he has never had a bond with any other team. Austin says he needs a powerade and a snickers before each game. He wants to go to The University of Alabama.
