President for 7 years and Treasurer for two years.

By holding these positions in the recent past I believe I can be an asset to the board and B.A. by applying the experience I have of managing and overseeing ~~and~~ organization that operate on a tight budget, worked with the general public and also working with local leaders. Presently I am serving on the Friends of McCallie Board in which our purpose is to raise funds and construct a 3.5 million dollar multi-use sports complex in McCallie in which we are 1/3 of the way there. In addition I have owned and operated two business over the past 22 years and currently own my business now. Through my personal experience gained by these opportunities I can apply towards helping the board continue to propel Bessner Academy into the future and keep BA a shining light in our community as it has been for 5 decades.

I would consider it a great privilege to serve and would not take my responsibility lightly. My parents were both very active while my brother and I attended and would appreciate the opportunity to be apart of the BA board.
